INSTRUCTIONS:

- Record the first BM during each shift in the #1 column for that shift, the second in the #2 column, and so on. Each staff who records the BM must initial in the "Staff" box.
- For every BM, record first the size and then the consistency using the following key:

Size:	V = Very large	Consistency:	H = Hard
	L = Large		S = Soft
	M = Medium		L = Loose
	S = Small		W = Watery
- Examples: MW = Medium-sized Watery BM; VL = Very large Loose BM; SS = Small Soft BM
- Write DP for hours the individual is at the day program. Write R after self-reported BM's; example: VS-R.

NOTE: If no BMs are observed, write 0 or Ø in the # 3 box for the shift.
