

In Case of Emergency

Transportation officials have identified major evacuation corridors for the region in an emergency. Given the likely range of terrorist threats and how an ordinary rush hour strains the area's road network, however, government leaders are focusing less on a mass evacuation than on moving smaller numbers of people from local danger zones. A key challenge is building public confidence to follow instructions in an emergency.

THE DISTRICT

- 1** Children's Hospital
111 Michigan Ave. NW
202-884-3000
