How to Submit a Twinsis IT Request

**Step 1:** From your Twinsis dashboard, select (right-click with mouse) the icon “IT Help Desk”

**Step 2:** From the current screen select “New IT Request”

**NOTE:** On the next screen you’ll have the ability to select from 2 drop-down menus as well as a space to type in the description of your request.

**Step 3:** Task=(First Drop-down menu)-Select the specific task you are experiencing issues with (I.e. ADP, Twinsis, Email, etc).

**Step 4.** Priority=(Second Drop-down menu)-Select the specific priority level your issue is in(emergency, critical, routine, etc).
**Step 5:** Description= Describe in detail what type of problem you are having and what you have already done to try and correct it. See below for possible problems as well as some actions you may take to try and correct your problem.

**Step 6:** Select the tab “Create”

**Note:** You may cancel your request at any time by selecting the “Cancel”.

For updates and to check on your request you repeat step 1 or check your Notifications tab on the top right of your screen-located near your name.
